June 2018

While summer won't officially begin until later this month, our state has already been hit with a few summer storms. Several of these storms have caused heavy flooding. Gov. Justice declared a State of Emergency on June 4<sup>th</sup>, which opens access to funding and resources to local agencies like Catholic Charities.

In our work to respond to the needs that arise in the aftermath of a declared disaster, we need to know who to contact along every step of the way. Below is a handy guide. As always, we welcome questions, and the opportunity to collaborate!

## Sequence of Delivery for Households and Individuals

We envision a West Virginia where all people can access the services they need to be happy, healthy, and reach their full potential. Guided by God's love, Catholic Charities collaborates with community partners, parishes and families to provide caring and compassionate services to people in need and work toward lasting and meaningful change.
